A GROWING NEWSPAPER IN A GROWING COMMUNITY

Vote YES on Proposition One when you mark your election ballot November 8. This will permit the state to aid seriously handicapped, overcrowded school districts through a $250,000,000 bond issue.

Volume 56, Number 4 | CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA | Friday, November 4, 1949

'YES' VOTE ON PROPOSITION 1 WILL AID YOUR NEEDY SCHOOLS

A YES vote on Proposition One on the November 8 ballot is recommended by the publishers of the Campbell Press.

Campbell Grammar School District Superintendent William C. Henley stated that "No other program is pending for school housing in distressed school districts. The growth is beyond the financial capacity of the distressed school districts."

It is expected that the Campbell school district as well as Cambrian, Union and several nearby school districts would benefit from the proposed bond issue.

Proposition No. 1 on the November ballot is a $250,000,000 state bond issue for the purpose of making available to individual school districts money for school buildings, particularly if they cannot afford to pay for them themselves. The Campbell Union School District, as well as others around this vicinity, are among those that will be eligible for aid under the conditions of Proposition No. 1.

All of these districts are impoverished and will be unable to pay for their own school needs during the years to come. Elementary schools are still growing at a fast rate and will need more and more help from the state or from any other source of money.

Proposition No. 1 makes available to individual school districts needed money, provided they have taken every means to take care of themselves. It is provided on a loan basis, to be paid back under certain circumstances and at a tax rate not exceeding forty cents.

However, if a district already has a forty cent bond redemption tax rate or a rate that nearly approaches forty cents, very little money is paid back to the state for a considerable period of years, because forty cents is considered the maximum tax rate for the redemption of bonded or state loans. Therefore, as far as this area is concerned, a large part of money secured from the state would not be returned to the state, as all districts are paying a bonded indebtedness of their own, and have very little leeway in which to make reimbursement of the state loan to the district. Proposition No. 1 is the only method put forward at the present time to enable school districts to meet the crisis in school housing, and to take care of the large number of more and more children coming into the elementary schools at this time."

Pro and Con Arguments on Prop. 2 Presented In Interests Of Voters

Most controversial issue on next Tuesday's election ballot is the aged and blind measure, Proposition Two, which would reinstate the plan of Old Age Security and Aid to the Blind, and the method of the plan's administration. This plan was in existence prior to the adoption at last year's election of Article 25 of the State Constitution, with the exception that present maximum aid payments would be retained at present level of $75 per month for aged persons and $85 per month for blind persons, with participation by the state and the counties. Proposition two also authorizes the legislature to increase or decrease amount of payments to aged and blind and otherwise to amend or repeal existing laws.

In the interests of presenting both sides of the argument, the Campbell Press offers pro and con arguments below.

Machinist Union Lodge Advises 'NO' Vote

International Association of Machinist, Lodge 504 of San Jose, urges a "NO" vote on Proposition Two. In a notice sent to all its members by James LeBlanc, recording secretary, the lodge's reasons for its stand are reviewed.

"Organized labor in California is on the march to defeat Proposition 2 on the Nov. 8 special election ballot. Proposition 2 would REPEAL Article 25 of the State Constitution, the present liberal old-age and blind pension law which was adopted by the voters in the last general election.

DON'T BE MISLED

"The big business proponents of Proposition 2 would have you believe that the present law will bankrupt the state, that it establishes a "dictatorshop" over the pension administration, that the present pension levels of $75 for the aged and $85 for the blind will be maintained if Proposition 2 carries, and that the system of pension administration prevalent in past years was humane and efficient.

THESE ARE THE FACTS:

"The state can well afford the present pension costs, which enable the aged and handicapped to live out their years in dignity and security. The State Director of Social Welfare is NOT a dictator, but an elected official(the present director must run for re-election in 1950); if Proposition 2 carries, the Legislature will have explicit power to lower the pension scale at any time—don't be fooled! Under the old system, the aged lived under the shame of paupery, the fear of insecurity and at the mercy of bureaucratic Welfare Departments in 58 counties! Reversion to the old system would return the " responsible relatives" principle, which subjected thousands of workers, supporting themselves and their families on inadequate wages, to the crushing harassment of providing for their elderly or handicapped olved ones!

"Under the present pension law, taxes required to carry the pension load have been shifted from homeowners and purchasers to general state levies, which places the larger share of the burden on big business. This provision benefited thousands of workers who own or are buying homes! And the provision is precisely the reason that Big Business has sponsored Proposition 2!

"REMEMBER—it is NOT the owners of large corporations who face an old age on the pensiono rolls! The Pensioners of tomorrow are the wage earners of today!"

Fraternally yours,
James LeBlanc, Recording Sect'y.

Sound Pension Aid Group Advises 'YES' Vote

Favoring a YES vote on Proposition Two is the California Committee for Sound Pension Aid. In a release sent to this paper by the committee, its reasons for supporting a YES vote are explained:

"Expansion of the Santa Clara County Committee for Sound Pension Aid to include representatives of virtually every major civic organization was today announced by George Kocher, chairman.

"Kocher, who undertook organization of the committee to urge a vote of 'YES' on Proposition 2 on the corrective aged and blind measure on next Tuesday's special election ballot, declared that this proposition provides the only means of getting rid of the McLain pension machine.

"McLainism, with its overtones of political dictatorship, is distasteful to every person concerned with good government and is threatening the stability of our whole pension program, as well as the economy of the State.

"The moral obligation which we have to care for our senior citizens and assist in rehabilitation of the blind is well provided for in Proposition 2. That measure calls for maintenance of pensions an increased levels of $75 monthly to the aged and $85 to the blind. At the same time that measure will eliminate Article 25 from our state constitution, commonly referred to as the McLain Pension Scheme. It is this preposterous scheme which installed Mrs. Myrtle Williams in power as State Social Welfare Director and Mrs. Williams is evidently little more than a puppet of Pension Promoter George H. McLain, the Messiah of the Gimme Gimmicks. It was McLain and his pension promotion crowd that put over Article 25.

"The pension chaos which the Weybret committee hearings in Los Angeles and San Francisco have revealed constitute ample evidence of the need for throwing out the McLain Pension crowd. The way to this is by a vote of 'Yes' on Proposition2," Kocher said.

"Kocher pointed out that McLain's pension promotion group have termed those who are working for a vote of 'YES' on Proposition 2 to be 'Repulsive Repealers."

"I just wish people would take a look at the list of organizations that are working for a vote of 'Yes' on Proposition 2 and at the names of the distinguished community leaders who are backing this fight.

"That is the best way to decide just who it is that is repulsive. A vote of 'Yes' on 2 will get rid of repulsive pension promoters," Kocher concluded.

George S. Kocher, Chairman,
Santa Clara County Committee for Proposition 2, San Jose.

Campbell Legion Patrol To Begin Duties As Law Enforcement Group Next Week

Pairs of American Legionaires of Campbell Post 596 will be seen patrolling the highways and byways in and around Campbell beginning next week. They will be distinguished by the Legion cap and the badge of the sheriff's office. The badge is a six-pointed star with the American Legion emblem in the center, encircled by the inscription "Special Deputy Sheriff, Santa Clara County."

These men are all voluntarily giving their time and services for the protection of the welfare of residents of this community. Not only are they giving of their time, they are also furnishing their own bonds, cars and insurance and, as the organization, the Campbell Legion Patrol, progresses, their cars will be equipped with radios so they may be in constant contact with the sheriff's office in San Jose.

A special training course has been arranged by Sheriff Howard Hornbuckle, which will cover a period of one year and will deal with all phases of police work. The first class was held Friday night in the Court House, San Jose, and was conducted by District Attorney N. J. Menard. The course is patterned after that of the Federal Bureau of Investigation.

The patrol will work in close conjunction with Menard. Its members will have the same police authority as a deputy seriff and will wear side-arms. Twenty-one men comprise the patrol, all of whom have been certified by the FBI in Washington, and, as they are all Legionaires, have seen military service.

At present the patrol has a full complement, but applications for substitutes are being accepted. Applicants must be Legionaires and must take the training course. While they will not be deputized until an opening appears on the patrol, they will assist the patrolmen.

Several of the patrolmen do not have suitable revolvers, and the Legion Post is requesting anyone who has a good serviceable .38 or .45 revolver to either loan it to the patrol or sell it to the patrol at a reasonable price.

Campbell Post of the American Legion is proud of this patrol and has been commended for its establishment by Department Commander Louis K. Gough. It is the only patrol of its kind actively engaged in policing in the state. Post officers and members have indicated they feel the post is giving to the community one of the services which only the Legion is capable of giving.

The patrol may be reached by any resident in time of emergency, by phoning daytimes, except Sunday, Campbell 3873, or, for nights and Sundays, Campbell 4044 or 4084.

Louis Null Speaks To Rotarians On Coming Election

Louis Null, member of the County Committee for Proposition 2 on the November 8 ballot, addressed the Campbell Rotary Club Monday noon in the IOOF Hall. Introduced by Chairman Cel Gerevas, he said he would attempt to be impartial in discussing the matter, but added that he was in favor of a Yes vote on the proposition.

Null explained the intent of Proposition 2, the aged and blind aid measure on the November 8 ballot, and urged a favorable vote on the initiative constitutional amendment.

Considerable confusion has arisen, he explained, over the way to vote on the measure which, he said, would add Article 27 and repeal Article 25 of the State Constitution. Substantially, the proposition would repeal the section which places permanent chairmanship of the State Department of Social Welfare in the hands of Mrs. Myrtle Williams, present department director. If Proposition 2 is passed, he said, the director would be appointed by the governor and ratified by the state legislature.

At present, he pointed out, the director has the power to place a first lien on all state moneys which she may deem necessary for the administration of the department. Prior to passage of the measure last year which installed Mrs. Williams and gave her these powers, the only department which had precedence over all others were the public schools of the state.

At present, if the director requires funds in excess of the amount available through the state treasury, then taxes must be raised, Null pointed out, in order to meet the Social Welfare department's needs as well as those of other departments over which the former department has precedence. Null cited recent increases in the State sales tax, 20 percent; income tax, 20 percent, and corportation tax, 18 percent, which, he said, were made necessary through preparation for increased demands from the welfare department.

Proposition 2 on next Tuesday's ballot retains maximum aid payments at the present level of $75 per month for aged persons and $85 for blind persons, with participation by the state and counties, he explained, yet does away with control of a state department by one person who is not answerable to the governor or the legislature.

During the meeting, over which President Forrest Reese preside, the Rotarians discussed preliminary plans for a Ladies' Night to be held around Thanksgiving time. Dr. Frederick Snyder was named chairman of the program committee.

Members will meet again next Monday noon at the Campbell IOOF Hall.

Merchant Patrol On Full Time Basis With 73% of Businessmen Subscribing

The Campbell Merchant Patrol is now devoting 100 percent of its time to patrolling the Campbell area, member of the Chamber of Commerce Merchant Patrol committee reported this week.

Establishment of the full-time patrol was made possible through participation by 73 percent of the merchant membership of the Chamber of Commerce, said committee chairman L. E. Means.

Under the August 26 agreement between the chamber and Robert Locke, merchant patrolman, Locke was to go from part to full-time night patrol duty in the Campbell business section when gross revenue from the area reached $300 or more per month.

Since establishment of the patrol late in August, Means said, vandalism in the area has been minimized and hot rod racing curtailed to a considerable degree. Reaction to the patrol has been favorable to date, he added.

Committee membrs Means, Homer Hyde, Dobie Jeffers, Richard Morton and Lowell Benson met Monday night to study the record of the recently established patrol and to hear a report on the full-time service now in effect.

He has served on the program committee, has been parade chairman and, last year, was a member of the committee on arrangements.

"I will lend every effort to make the 1950 celebration bigger and better than before," the new chairman stated. He added that he expects to confer very soon with the president, Dahl, and secretary, Forrest Reese, of the chamber on planning details.

Although it is still a little early to get down to definite planning for the event, Henley said he appreciated the extra time provided through the early selection of a chairman. Committee heads will be appointed soon, he announced.

'Inquiring Parent' Record Series Demonstrated For Campbell PTA Unit

Mrs. F. Hale Jackson, Sixth District parent education chairman, was the entertaining speaker at the Campbell Grammar School Parent-Teacher Association meeting Tuesday afternoon in the school auditorium. She gave an absorbing talk and demonstration on use of the phonograph record set, "The Inquiring Parent."

The set of seven records, property of the Sixth District, is played each Tuesday at 11 a.m. over Radio Station KSMO in San Mateo, she said, and urged all to listen to the program. The records are of a conversation between a mother and a child psychologist, and concern such matters as a child's allowance, whether the child should be made to earn an allowance, whether allowances should be taken away from children when they are being punished, and why a child sucks its thumb.

Terming these records a valuable aid to parents, Mrs. Jackson suggested that parents gather in groups to listen to the broadcasts, then hold discussions about them afterwards.

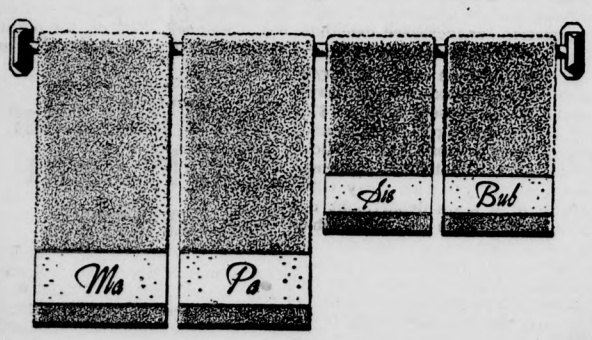
How to make sure your home has PLENTY OF HOT WATER for all the family—all the time



Your automatic GAS water heater is a mighty dependable home servant. You use it night and day at low monthly cost. In many homes, however, the family use of hot water is greater than the water heater can deliver. That means there are periodic shortages of hot water. And it also means that the cost of heating each gallon of water used is greater than it should be.

Size up your home hot water needs the next time you buy or install a gas water heater. The figures and chart below show the size of the job to be done in your home. Make sure you are using a water heater big enough to do that job.

Harold W. Drummond, University of California graduate, has been teaching algebra and biology at Campbell High since 1941 except for three years during the war. He is chief of all physical education classes.

Biologist Drummond was born in Lincoln, Nebraska, and admits that even as a child he wanted to be a teacher. His blue eyes seem kindlier when he is teaching biology, so it is no surprise to learn that biology is his favorite subject. Mr. Drummond's brown hair is turning grey, but that doesn't interfere with his hobbies: hunting, fishing and attending masonic meetings. He is a Phi Delta Kappa.

Mr. Drummond is married and the father of two children, Harold Jr., 5½ yrs., and James, 2 years. They will be permitted to choose their own vocations.

A high school show will be staged at assembly Tuesday, November 8. Those participating as entertainers are loud in their own praises, and if the affair lives up to one-half the promises made for it—Wow!

In the minds of many, the chief attraction will be the Campbell Cuties Chorus featuring the district's most pulchritudinous high school belles. They are: Barbara McBain, Louise Fuqua, Marilyn Derry, Carol Olsen, Pauline Cleveland, Lucille Ely, Darline Mink, and Shirley Kesterson.

Comedians, minstrels, dancers, dancers, musicians, and singers are: seniors, June Allessandri, Warren Thorpe, Joyce Price, Mari Alice Grim, Lois Blair, Lucille Ely and Carol Olsen; juniors, Gene Chandler, Jack Bray, Olin Shanrock, Beverly Nichell, Dan Livesay, Marlene Strong, Ramona Sartuche, Sue Tinsley, Charlotte Smith, Frank Mantia, Mary Emler, Joline Howard, Shirley Kesterson, Darlene Mink and Pauline Cleveland; sophomores, Pat Jolly, Edith Olson, Barbara McBain, Louise Fuqua and Marilyn Derry. Mild Hallowe'en For Campbell, Says Sheriff's Office

Hallowe'en activities in Campbell Monday night proved to be the most quiet and orderly in recent years. The sheriffs' office reported little trouble throughout the county unincorporated area, despite juvenile trouble in San Jose.

Most serious disturbance reported by Sheriff Howard Hornbuckle's office was a fight between two boys at the 5-Spot on Winchester Road near the Campbell Avenue intersection. One of the youths involved was certified to the Juvenile Court.

In addition to the regular patrol by the sheriff's office an extra car with two deputies was assigned to this area. In this section of the county there was little property damage. Hazel Horton, Box 479-B Ada street, reported a group of children threw a rock through a window of her car while it was parked at First Street and Rincon Avenue.

Service Fund Total Now $6,533.26

According to Chairman Laurance J. Hill, the Campbell Business and Professional Women's Club has just agreed to conduct a "clean-up campaign" and have taken $1000 as their quota.

Campbell Community Service Fund moved past the $6000 mark this week, and hopes were renewed that the entire quota of $7800 can be raised. Contributions of Hunt Foods, Inc., cannery employes boosted the total by $390, and the Moorpark district, within only a few dollars of its $1000 quota, helped push the total amount paid in to $6,378.76, Mrs. J. W. Knowles, drive chairman, revealed. This total plus $154.50 in pledges, has pushed the campaign figure to $6,533.26, she said, and "we think we will probably go to the $7,000 mark."

Reports by districts were: San San Tomas, $274.39; Moreland, $361.69; Hamilton, $438.85; Cambrian, $790.53; Moorpark, $991.70, and Campbell, $3,521.60.

Still to come is the drive to be held in the Campbell schools next week. Receipts from this and from a few solicitors still to report, plus public utilities donations is expected to boost the total to at least $7,000.

"If anyone wishes to increase his donation or if anyone knows of a section which was missed during the canvassing," said Mrs. Knowles, "we will be happy to get in touch with them." Phone the Campbell High School, 3481, or Mrs. Knowles, 2083, for a drive worker.

Session Planned For Discussion Of Sewer Bond Issue

Don Reinoehl, Fourth Sanitary District Engineer, will speak at a public meeting tonight at 8:30 o'clock at the San Tomas School on the district sewage disposal problems. He will discuss the purposes of the proposed $1,640,000 bond issue for installation of main sewer trunk lines in the district. The bond measure will be voted on by residents of the district next Tuesday at the special election.

Fifth District County Supervisor Earl C. Campbell will be present at the meeting, and the public is invited to attend and ask questions about the purpose of the measure and why it is believed necessary. The PG&E motion picture, "Clear Water," will be shown.

San Tomas Men's Club is sponsoring the meeting.

Too Much Soap Means No Soap

Plans to hold a Hallowe'en window drawing contest for the Campbell youngsters went to naught when older boys in town defaced drawings which had been made on local merchants' windows early Monday afternoon and evening.

Local merchants had backed the plan and donated prizes which were to be awarded to the two winning drawings. Judge were to be Miss Marian Winston, Campbell High School art instructor; Mrs. Thelma Wathen, Campbell Grammar School art instructor, and Joseph Anello, Campbell Press advertising manager. The trio had planned to do the judging Tuesday afternoon. Winners were to receive their prizes Wednesday evening at a special program in the Campbell Theater.

The contest was called off Tuesday morning when it was found that not one of the drawings had been left untouched by the older pranksters.

Mrs. J. Kilpatrick Dies In San Jose

Mrs. Josephine Kilpatrick, 73, mother of Mrs. Doris Hamel of Cupertino, died October 29 in San Jose. She was a native of Springfield, Massachusetts. Besides Mrs. Hamel, Mrs. Kilpatrick leaves a son, Harvey Kilpatrick of Campbell, and another daughter, Mrs. Gladys Rickert, Los Angeles, and seven grandchildren.

Services were held Monday morning in Santa Clara, followed by requiem mass at St. Joseph's Church, Cupertino. Interment was at Santa Clara Catholic Cemetery.

San Tomas Whist For Community Center Fund

San Tomas Improvement Club will sponsor a turkey whist party at the San Tomas school on November 11 at 8 p.m. Proceeds will go toward the proposed community center building fund.

Mrs. Frank Welsch is chairman of the event, which will be the club's first party of the season. The public is invited to attend.

Child care will be provided.

TB Xmas Seal Campaign Plans Get Underway

Plans for the 43rd national annual Christmas Seal Sale are well under way throughout the county with a chairman from each town in charge of local plans and publicity. Campbell, Mrs. Laurance Hill; Saratoga, Joseph Long; Cupertino, Lawrence Sanguinetti, Los Gatos, Mrs. Andsten Ness, are the ones in charge locally.

The 1949 Christmas Seals, featuring a modernistic drawing of a dove in flight, are being assembled for mailing at association headquarters, 211 Balbach, Insurance Center Building, San Jose.

This year's Seal was designed by 27-year-old Herbert W. Meyers of Leonia, N. J., whose original drawing won first prize in a nationwide contest conducted by the Society of Illustratoris, a nationanl organization of outstanding artists, illustratoris, and art directors, with headquarters in New York City.

Carnival Attracts 3000 To Moorpark Community

Nearly 3000 persons jammed the Moorpark School grounds Friday for the community Halowe'en carnival sponsored by the Moorpark Parent-Teacher Association and Moorpark Men's Club. Evening attractions found corridors, classrooms and play-yards full and nearby roads clogged with parked cars.

Visitors thronged to the many booths set up by service organizations and youth groups, while the younger fry let loose pent up Halowe'en spirits in games and contests. A chidren's costume parade attracted nearly every type of spook and goblin known to the west side area.

On hand to greet parents and children were Mrs. Eugen C. Andres Jr., PTA president, and E. B. Mortenson, Mens' Club president. They were assisted by fellow club members. Mrs. H. E. Womer and Jerry Ginney were co-chairmen of the carnival.

The PTA and the Men's Club extend their thanks to all who worked so loyally for the success of the carnival. The area contributing to the event ran from Sunol to Meridian Corners and from Naglee to the County Hospital. West side merchants and individuals contributed generously to the success of the event. In addition, businessmen, organizations and club members donated many valuable services all of which were greatly appreciated by the committees.

San Tomas Fete Attracts 600

San Tomas Parent-Teacher Association, the San Tomas Improvement Club and the Men's Club gave a bang-up treat to the children of the area, who, with some of the parents, totalled over 600. This Hallowe'en program was unique in that the children called at the homes of the community to ask for donations of toys, food and clothing for two Holland families the San Tomas School is helping. More than 300 bags of useful articles were brought in to the school.

This was followed by folk dancing preceding the lighting of a big bonfire around which the costumed children marched, reviewed by the rest of the crowd and the judges; many prizes were given.

School District Buying Site For Future Expansion

Campbell Elementary School District is purchasing a site for future development as the area between Campbell and San Tomas grows, District Superintendent William C. Henley announced following approval of the proposed site Wednesday by the Santa Clara Planning Commission.

The six and a half acre site on Hazelwood Avenue near Virginia Avenue is the site for a future primary school building to handle the population growth between Campbell and San Tomas, Henley explained. No construction plans have been prepared, he added. We started purchase of the site while it was still available.

Any further development of the site depends on the passage of Proposition One, the school bond measure, next Tuesday, he continued.

Approval of the site has been received from the State Division of Schoolhouse Planning.

THE FARMER'S CORNER

By RALPH H. TAYLOR
(Executive Secretary, Agricultural Council of California).

Most Californians are mindful of the desperate need for new school construction provided for in Proposition 1—and most Californians are fully cognizant of the necessity for overturning the McLain pension machine by passage of Proposition 2.

But there is another vitally important measure on the November 8 ballot where the issue is not so clearly understood. In fact, proponents of Proposition 12, the so-called Daylight Saving Measure, are carefully shielding the true dangers of such a program from from public scrutiny.

Before going into a discussion of Daylight Saving, it is extremely significant to point out that the measure got on the ballot by subterfuge, that an obviously misplaced comma in the State Constitution is the only reason Daylight saving is before the people!

That is to say that any initiative measure to be presented to the electorate—and Proposition 12 is an initiative measure — must be presented "at the next succeeding general election occurring subsequent to **130 days** after the presentation aforesaid of said petition, (notice that comma) or at any special eelction called by the Governor in his discretion prior to such general election . . ." This is according to the State Constitution.

In other words, the evident intent of the Constitution is that all matters to appear on the ballot, whether at a general election or a special election, must be certified by the Secretary of State as valid 130 days before the date of election.

Proposition 12 was not qualified 130 days before November 8, the date of the special election. In fact, it was 34 days late. But apparently, because a comma breaks the continuity of the above sentence in the Constitution, Daylight Saving has been slipped on the ballot.

Thus Californians must vote on a measure which by all right and reason does not seem to have been properly qualified for the ballot. The situation is even more deplorable in that the measure would work serious hardship on many segments of California's economy. Particularly is this true in the case of farmers.

Perhaps because the people of California have twice previously rejected daylight saving when submitted on the ballot—in 1930 and again in 1940—proponents of Proposition 12 are more than happy that due to its late inclusion on the ballot a full campaign cannot be organized against it.

It is an old story, the farmer's aversion to Daylight Saving. But it is nevertheless true. The farmer must operate by sun time. Definite financial losses result from shifting the clock, both because of lost time of farm workers and because of injury to the quality of many crops when harvested too early. Dairymen suffer losses, too, in the reduction of butterfat produced.

The farmer cannot begin harvesting many of his crops an hour earlier in the morning. He must wait until the sun dries the dew on his fields before he and his men can go to work. Daylight Saving would mean that the farmers would work an extra hour each evening, or, as is too often the case, the farm workers would begin on sun time and quit on Daylight Saving Time, thus losing an hour of time each day during the harvest season, the very time when they cannot be found in sufficient numbers to meet the needs of farmers.

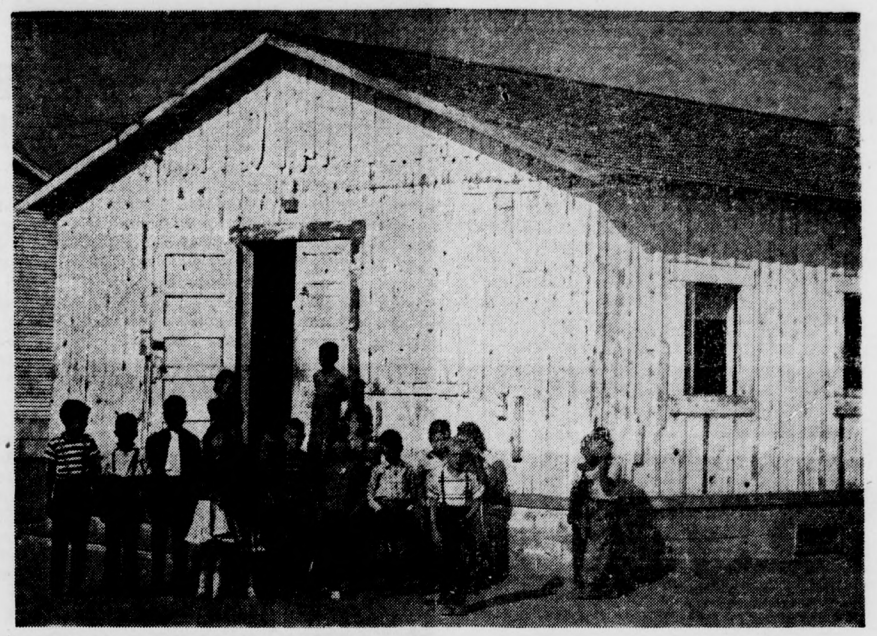
Daylight Saving is hard on children's health. They cannot sleep with the sun still up, yet they are awakened an hour earlier in the morning.

Chief of Police Morton of Los Angeles says there is no foundation for the statement that Daylight Saving prevents traffic accidents. Longer daylight after work just puts more cars on the road at dusk, with the resultant increase in accidents.

Realignment of train, bus, air line, and radio broadcast schedules twice a year will cause both great inconvenience and expense to the companies involved as well as confusion to the public. The Interstate Commerce Commission has opposed Daylight Saving Time for years.

Tampering with the clock is not the way to solve the problem. Proposition 12 is not in the interest of the State of California.

Every Californian should remember his duty to vote at this important November 8 special election. No matter what his inclination regarding the measures appearing on the ballot, every qualified voter should go to the polls.



This is a public school classroom at Firebaugh Elementary School, Fresno county, one of eight old surplus Army barracks used for classes. The district cannot even afford to have it painted, though it is doubtful that would help much. During the winter it is almost impossible to get the inside temperature above 60 degrees. Approval of Proposition 1 at the Nov. 8 election will provide funds to be lent to public school districts to provide classrooms for our children.

Hard Top Races Make Debut At Speedway Sunday

Daytime Hard Top auto races make their debut at the San Jose Speedway this Sunday afternoon at 2:15 because, according to the track's promoters Joe Mastrini and Ray Leon, "the fans' response demands it."

The CSRA promises that all the drivers who provided so much smoke during the regular season will be on hand for the Sunday affair. The include 1949 Champion Dave Carter, Runnerup Mike Batinici, Johnny Key, and at least thirty more.

The Speedway also announces that a hot rod afternoon program is being tentatively arranged for a week from this Sunday, November 13. The "tentative" tag has also been applied to a 100-lap main event which would feature the roadsters' return to San Jose.

Methodist Sermon Topic Will Consider 'Our Faith In God'

"Our Faith in God" will be the sermon topic at the Methodist Church Sunday morning at 11 o'clock. The vocal solo for the service will be sung by David Rutherford and is entitled, "The Love of God." The church choir will sing the anthem, "Lord for Tomorrow and Its Needs," by Palmer.

Tropical Fish Being Studied By San Tomas Pupils

One of the latest, and most interesting of the many new projects of the San Tomas School in Campbell, is the collection of tropical fish which is being assembled in the school library under the supervision of Mr. Spencer Thorne.

Tropical fish have been a hobby of his for some time, and he has studied thoroughly their care and feeding as well as the habits of the many varieties he has donated to San Tomas.

The pupils are being taught how to care for them and, as soon as they are qualified, will be allowed to take home some of the offspring as hobbies of their own.

The fish are very tiny, of brilliant hues and coloring, and some of them are transparent, others opaque with tiger-like stripes of black along their bodies.

The children find them an absorbing subject for observation and are looking forward to the time when they will have small tropical aquariums of their own.

Early California Government Topic At Grange Meet

At the meeting of Cupertino Grange 739 on Friday night, the plans to have State Assemblyman Jack F. Thompson speak, were upset due to Thompson being called out of the county for a committee meeting. However, the group heard a talk on early California history by Attorney Allan P. (Pete) Lindsay of Coyote Grange. Bro. Lindsay's address mentioned especially the local government by the alcaldes and the swift justice meted out by them; also the constitutional convention of November 13, 1849 and the first session of the California State Legislatiure December 15, 1849.

Other visitors were Pomona Chaplain Lulu Belle King and Hoddy King, Bertha and Harry Carey and Mary Hagen of San Jose Grange. Two new members were added to the roll. They were Joy and Harold Hazelton, the degrees being conferred by Master Dwight F. Sheffer. A letter from Morgan Hill Grange, inviting the grange to their Booster night program, was read by Secretary George Ames, but as the affair was also on October 28, it was too late for the grange to accept.

Tickets were distributed for members to sell for the Community Chest dance to be held at Napredak Hall on Lawrence Road on Friday, November 4. A meeting was announced for the Or-chest-ra on Thursday, November 3 at the home of Col. Ames on Prospect Road, to plan a new program for the future. Frederick L. Wood announced that St Joseph's Church in San Jose would have a Centennial celebration on December 7, 8, and 9 at St. Joseph's School, for the benefit of the school.

It was announced that a motion picture on poultry will be the feature of the Lecturer's hour at the next meeting on Friday, November 11, the subject being "The Chicken of Tomorrow" contest.

Pomona chaplain read a poem, "This too Shall Pass Away," by Helen Wilcox Wheeler, and another, "If We Knew," by an inmate of San Quentin. Refreshments were served by the committee composed of Dwight and Florence Sheffer, George and Helene Ames and Don and Ruth King.

Pharmacy Sale Story Contained Several Errors

The Campbell Press reporter extends apologies to Mr. and Mrs. David Gutierez who, as reported in last week's Campbell Press, have purchased the Campbell Pharmacy at 269 E. Campbell Avenue.

Several of the facts in the story were incorrect, and we take this opportunity to straighten them out. Mr. Gutierez's sister, Alice, does not work at Clark's Drug Store. She is a pre-nursing student at San Josoe State College, and has been employed at the Corner Drug Store, Los Gatos.

Mrs. Gutierez also points out that her husband is not the nephew of Dr. R. E. Graun of Los Gatos, that he is not related to the physician.

Mr. and Mrs. Gutierez reside on Blossom Hill Road, not Johnson Avenue, in Los Gatos.

Mr. and Mrs. Gutierez, both registered pharmacists, purchased the Campbell Pharmacy from H. P. and Jennie Algar. Mr. Gutierez, a native of Los Gatos, attended schools in that community, and received a Bachelor of Arts degree from San Jose State College. A veteran of World War II, he served overseas. Returning from the service, he obtained a Bachelor of Science Degree at the University of California College of Pharmacy.

Mrs.Gutierez received her Bachelor of Science Degree from the University of Washington College of Pharmacy. Her family is in the drug store business in Washington. She has worked in prescription stores in San Francisco during the last few years.

Under the new ownership the Campbell Pharmacy will offer its services from 9 a.m. till 8 p.m. daily, including Sundays and holidays.

United Press was organized in 1907.
